

Dear new homeowner,

As an update with regard to the "Stay at Home" directive from the governor's office, we would like our customers to know that our industry falls within the "Essential Services" guidelines. We are taking a common sense approach with sanitary measures, in order to be able to help you with your window coverings as well as keeping contact to a minimum. We understand that moving into a new home brings up an immediate issue of privacy. We are here to help out, now or at a later time. We are happy to work with you at the time you feel most comfortable with the process.

Don't hesitate to call us with questions or if there is anything we can do to help out.

Thanks,

A handwritten signature in black ink, appearing to be "Frank Arroues", with a long horizontal line extending to the right.
